Dear Constituent,

On the world stage **Canadians have witnessed total disarray in how the Ottawa Liberals have handled the belligerence of China's Communist Party**, including their most recent decision to impose totally unjustified trade actions directed against Canadian canola farmers. **Canadian farmers produce the highest quality canola in the world** and approximately 40% of Canadian canola exports go to China with a value of approximately \$3.6 billion. These unfair tariffs mean that **Canadian farmers are paying the price for the Liberals' failure to stand up to aggressive tactics by China.**

Not only have the Liberals failed to come up with a plan to resolve this diplomatic dispute, the Liberal government is gifting up to half a billion dollars to the China-led Asian Infrastructure Investment Bank (AIIB), which competes directly with the World Bank and IMF. **This new China-led bank is building 3 new pipelines in Asia with the support of Canadian taxpayer dollars, all while the Liberals dither and obstruct the construction of much-needed pipelines here in Canada.** With Canada's help, the AIIB is funding the construction of new pipelines in Azerbaijan, Bangladesh, and mainland China.

Canada's Conservatives have called on the Ottawa Liberals to cancel Canada's participation in the AIIB as a measured response to China blocking Canadian canola from reaching their domestic market, but the Liberals have refused. **Canada's Conservatives will always stand up for the interests of Canadians and show strength and resolve on the world stage.**

In your service,

**Tom Kmiec, M.P.**  
Calgary Shepard

**HAVE YOUR SAY**

Should Canada cancel our participation in the AIIB as a response to China's blockade of our canola products?

YES

NO

# HOW IS THE ASIAN INFRASTRUCTURE INVESTMENT BANK SPENDING YOUR TAXPAYER DOLLARS?

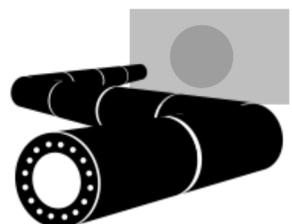

The Ottawa Liberals are gifting hundreds of millions of taxpayer dollars to China to join the AIIB. This bank is funding infrastructure projects across Asia while the Liberals fail to get major infrastructure projects, like the TMX expansion, built here in Canada. **The following are just some of the projects that the Ottawa Liberals are helping to fund through the AIIB:**

**Project: Trans Anatolian Natural Gas Pipeline**

**Country: Azerbaijan**

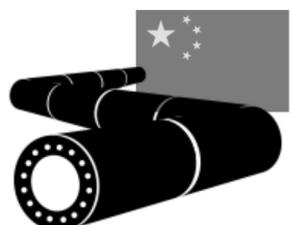

The AIIB will provide \$806 million for the construction of a 1,850 km natural gas pipeline project in Azerbaijan. This project will pipe energy from Azerbaijan to Europe, competing with Canadian energy exports.

**Project: Natural Gas Pipeline**

**Country: Bangladesh**

The AIIB will provide \$80 million for a 181 km, 36-inch, gas transmission pipeline in Bangladesh.

**Project: Coal Replacement Pipeline**

**Country: People's Republic of China**

The AIIB will provide \$336 million to China in order to build a natural gas pipeline.

*For a full list of projects that the AIIB has approved, visit*
